DBA  JEMTECH GROUP

JEM Computers, Inc. DBA JEM Tech Group is a woman-owned, small business with 40 years IT experience specializing in mission critical environments such as data centers, telecommunication closets, branch offices, remote sites, and command and control centers. The hub of our products and services portfolio concentrates on assisting customers with their IT power and cooling infrastructure. By helping them better manage these environments; customers have been able to save significantly on their long-term energy costs. Because no mission critical site is alike, we take the time to listen and understand customer challenges offering vendor neutral long-term strategies to achieve their energy efficiency goals setting us apart from our competition.
